CALL FOR SCIENTIFIC PAPERS

A Conference is not a Conference without high quality scientific input.

So please put on your thinking cap, and compile that Paper you always wanted to present! Share with us all, all your fellow Physician Colleagues, your knowledge, your ideas and your thoughts!

Please present a Paper this KAP Conference! It is either NOW or NEVER!

We will welcome Papers which are reviews of latest advances in any sub-specialty, epidemiological studies, research studies, case presentation with discussion of points raised by the case presentation, M. Med thesis, or anything else that you may think will interest your colleagues.

We are also requesting our sub-specialty Associations and Societies to arrange for their members to make presentations which we can make into mini-symposia. We have in mind mini-symposia on Renal Medicine, Diabetes and HIV / Aids. If we have a sufficient demand, we will make arrangements for two parallel presentations.

All other Presentations will be 15 minutes long, with 5 minutes for Qs & As.

**KENYA ASSOCIATION OF PHYSICIANS (KAP)
